

BUSSELTON WATER

Projects Engineer

Permanent position

Busselton Water's vision is to provide excellence and leadership in the provision of all water services.

An excellent opportunity is available for an experienced Projects Engineer to join Busselton Water.

Reporting to the General Manager Operations, the position will project manage key projects in Busselton Water's capital works program and also provide technical support to the General Manager Operations and Operations Engineer.

Your key accountabilities will include:

- Manage, control and co-ordinate all assigned projects
- Prepare tender and contract documents
- Compile project estimates and assist in tendering for capital work and infrastructure construction
- Manage consultants and contractors for infrastructure projects
- Assist with developing capital budgets for new infrastructure

To be successful in this position, you will have a tertiary level qualification in an engineering related discipline with a minimum of 5 years experience in project management.

Salary range including superannuation: \$88,316k to \$92,997k

To be considered, it is mandatory that you submit a letter specifically addressing the selection criteria with your resumé to carleen.gale@busseltonwater.wa.gov.au.

For further information please visit www.busseltonwater.wa.gov.au or phone Carleen Gale on 97810513.

Closing Date: 4pm Friday 21 September 2018
